

New Product

Plug-in switching power supply. 12VDC @ 1.25 Amps. cUL Approved.

These power supplies are smaller, lighter and more energy efficient than regular AC Adapters. Switching power supplies also provide a regulated output voltage regardless of the current used.

These are in stock now ready for immediate delivery.
Available in 2.1mm center negative or center positive outputs.

68-122-1 12VDC@1.25A Center negative

68-122P-1 12VDC@1.25A Center positive
