**81-110-1** Display Package

## NEON VOLTAGE TESTER

A handy pocket voltage tester c/w leads.

### Technical Specification:

- Recommended use: indoor
- Altitude: up to 2000m
- Working temperature: 5°C to 40°C
- Working voltage range: 90-300V AC/DC
- Frequency: 50/60Hz
- Relative humidity: 80% RH max. 50% RH above 31°C
- Over voltage category: CAT III 300V
- Pollution degree: 2(accordance with IEC-644)

**81-114-0** Bulk  
**81-114-1** Display Package
